- 11th Annual Turkey Trot

- +1100 participants in 2019 race, we had significant community participation in our virtual 2020 race, and we anticipate 2021 to be a HUGE event
- Extensive local media coverage
- Our 2021 fundraising goal is to raise over \$60,000 for our programs

Mission Statement: The Alliance was founded in 2006 as a way for the Greenwich community to support the public school system. In partnership with the Greenwich Public Schools, we drive innovation, opportunity and access in learning to empower all students to achieve success. Our programs include: “Reaching Out Grants”, grants awarded to fund and pilot innovative programs in our schools; “AVID SUCCESS”, essential extensions for AVID students and alumni to achieve college and career success including scholarships, mentoring, Good Money Habits, and jobs and professional tools, “Tuning In To Music”, free instrumental music lessons for students unable to afford this opportunity; Early Childhood Education through the “Greenwich United Way – Early Childhood Achievement Gap Solutions Direct Impact program.

Who are you helping? This year, with your help, the Greenwich Alliance will fund \$109,000 in **Reaching Out Grants** to six different programs benefiting Greenwich Public School students. This brings our grant total to over \$1.7 million awarded over the past 15 years. Ninety students participating in our **Tuning In To Music** program will get weekly semi-private or private music lessons to give them the confidence and skills to play in music ensembles in their schools. We will award over \$100,000 in scholarships to AVID students through **AVID SUCCESS**. AVID SUCCESS initiatives will reach over 300 students in the Greenwich Public Schools and 200 alumni. Supporting these students has helped them graduate from college and continues to make a true impact on the future success of these young adults. We are also helping to fund the Greenwich United Way’s Early Childhood Achievement Gap Solutions direct impact program to narrow the achievement gap by addressing early childhood and literacy needs in our youngest learners.
